

Materia

Materia (www.materia.nl) is an independent material information platform with 71.000 international members of creative professionals. These are mainly architects and designers.

As we are independent platform we offer you free publication through:

1. our digital newsletter monthly send to our 71.000 members
2. permanent display in our digital material database at 3 websites: www.materia.nl, www.architectenweb.nl, www.archello.com
3. a chance to get selected for exposure on our international travelling expositions, like [Material Xperience](#)
4. publication in the Material Index book

In short, of all materials we publish at our material database we need the following;

1. **7 x samples in the size 40x40 cm** (15.75x15.75 inch) preferably in colour variations
2. **An English text** (word document) describing some of the following aspects:
 - * the basis (perhaps origin) of the material
 - * technology used for fabrication
 - * usage: indoor / outdoor
 - * usage in products
 - * sizes maximum , standard size etc
 - * other technical and sensorial specification (such as chemical resistance etc)
3. Material / product pictures min size 72 dpi
(high resolution are very welcome and can be send by CD)
4. Contact address (head office) for international sales
(company name, website, email, phone and address)

Please look at the photo impression underneath to see how we present our samples. This is the way we prefer to receive your material presentation. The standard information label will be made by Materia, so please do not add your logo on the front side of your sample.

For any questions remaining, please feel free to contact me directly.
